K-12 SCHOOL DISTRICT PARTNERSHIPS

# OUR PROGRAM

## **PROGRAM OVERVIEW**

Tutor Corps provides engaging and effective academic support for students in grades K-12. We partner with school districts throughout the country to offer online tutoring in all academic subject areas, as well as enrichment courses and standardized test preparation. Our holistic approach to 1:1 tutoring prioritizes social emotional learning and mentorship.

## OUR APPROACH

- Students receive live, one-on-one instruction via Zoom, ideally 2x/week
- Our expert tutors are trained in best practices for dynamic online tutoring
- All tutoring sessions integrate:
  - Social-emotional learning
  - Study skills
  - Executive functioning support

# INDIVIDUALIZED LEARNING

As educators, we know that all students benefit from individualized attention at school, whether from a trusted teacher, coach, or mentor. We also know that this can be hard to provide within the structure of a typical school day. Tutor Corps fills that gap. Our tutors offer personalized support to meet each student's specific learning goals and social-emotional needs.

"When my daughter needed home hospital instruction for the first four months of 7th grade, our school district contracted with Tutor Corps and matched her up with an amazing tutor. It was such a perfect fit, we couldn't be happier. "I am writing as a school administrator as well as a parent. My daughter was struggling in math, and the work was backing up so much that she was losing sleep to keep up. Tutor Corps has done an amazing job of getting her back on track and rebuilding her eroded confidence. Her tutor's goal is to move my daughter toward self sufficiency. **This process has measurably restored her faith in her own capacity to learn**, and she is now even looking forward to seeing her grades. Finally, as a school administrator I appreciate that these tutors are vetted and fingerprinted, and feedback is solicited from the tutees' families."

— Win W., Parent and School Administrator, San Francisco, CA

With Tutor Corps' help, my son went from C's and D's to straight A's! In one year, his GPA increased from a 2.2 to a 4.0. **My son is starting to feel like he can succeed in all aspects of life.**"
